HAND TOOLS

JCB WORKWEAR

JCB Workwear is engineered for comfort and functionality, while being stylish to wear. The collection encompasses garments which are suitable for all tradespeople.

ESSENTIAL

Everyday workwear engineered to suit all budgets without compromising quality and durability. Ideal for dual branding. Designed to be layered with the rest of the JCB Workwear range.

TRADE

Uncompromising workwear that works as hard as you do. High quality garments built with comfort and durability in mind designed for use in all trades.

1945

Named after the year JCB was founded, the 1945 range features all the latest innovations in material and design. Engineered to offer a combination of the highest level of durability and robustness whilst ensuring they look great both on and off site.

SAFETY FOOTWEAR

Each style has its own individual attributes, some of which are water resistant uppers, waterproof and breathable linings, pierce resistant steel or non-metal composite midsoles. All JCB safety footwear is manufactured to the European Standard EN ISO 20345:2011 providing 200 joules toe protection with style, comfort and durability in wear. All the safety footwear has dual density soles for maximum comfort. Several of the styles feature water resistant uppers with a waterproof and breathable lining for extra protection in adverse weather conditions. All JCB Safety Footwear is supplied with spare laces.

JCB SOCKS

Cleversocks Limited is a family owned business specialising in socks since 1978. On the foundations of honesty, integrity and hard work, they have grown to become one of the largest socks suppliers in the UK. They have been the exclusive JCB Socks licensee for over 10 years, and in that time JCB has grown to become one of the UK market leaders in workwear socks, generating retail sales in excess of £7 Million.

The JCB brand awareness and trust in the market place is quite exceptional. This has helped Cleversocks drive volumes and build growth at up to 50% year on year. The key driver is excellent products offering great value for money. As such JCB socks consistently beat the competition and continue to gain market share both here in the UK and Europe, across a large variety of retailers including DIY stores, supermarkets, apparel retailers and agricultural stores.

Cleversocks have also now added a JCB Underwear range, thus facilitating a multi-product offer, and are the exclusive licensee for both the socks and underwear in the UK and Europe. The underwear follows the same principles of the socks, in that the product has been designed to offer the very best value, without compromising the quality.

JCB LIGHTING

JCB Work Lights are brand new to the market and offer revolutionary lighting for everyday tasks and specialised operations. The Work Lights use the latest advancements in LED and Li-Ion technology to offer a comprehensive range of portable and rechargeable lighting. The products overcome the major trip hazard caused by trailing cables on-site and in working environments. The range also offers a solution for off-grid working which can be difficult when a power source is not easily accessible. The rechargeable battery system offers limitless runtime with twin battery unit options and also ensures less downtime. The primary ranges are IP65 rated offering total protection against dust ingress and water jets, providing a solution for multiple applications.

Features and benefits of the range:

PORTABLE

This range is highly mobile and very easy to store and transport.

RECHARGEABLE

The range has an interchangeable slide-in battery system with charge indicator and offers limitless run time with loop charge.

ROBUST

The work lights have a robust and rugged design with IK09 rating giving resistance against impact.

DIMMABLE

The range offers dimmable lighting with options for 100% and 50% brightness.

RANGE OF ACCESSORIES

The Work Light range is complemented by a range of accessories including a tripod which offers quick deployment and easy set-up.

MULTIPLE APPLICATIONS

Rail – Hire & Rental – Emergency Rescue – Events – Maintenance – Security – Inspection – Construction – Industrial – Military & Aerospace.

THREE YEAR WARRANTY

Brand leading guarantee for extra peace of mind.

JCB CONTRACTOR AND LANDSCAPING TOOLS

Modern working environments are demanding. The need for uncompromising tools designed, developed and tested for professional use in the toughest of conditions is at the heart of everything we produce.

Features and benefits of the range:

Tools designed to be used every working day need to perform time after time, day after day

RELIABLE

Tools that you can rely on to deliver exactly what you need when you need it.

DURABLE

JCB hand tools are built to last. They are tested to exceed all industry standards before they are stamped with the JCB logo, our promise to you that each tool will last as long as you need it to.

TOUGH

Our raw materials are the best in the business: we only use high Carbon steel in our digging tools and our hardening and tempering processes ensure that JCB tools will be as tough as the name suggests.

CONSISTENT

Borne out of 280 years of tool making expertise, we understand the importance of making the best tools and take great pride in maintaining the quality that the JCB name demands.
