

**JCB**

**WORK LIGHTS**

**MADE FOR  
HARD WORK.**

# MADE FOR HARD WORK.

**DESIGNED TO BE BRIGHTER, TOUGHER, GREENER AND TO BE USED IN THE MOST DEMANDING WORK ENVIRONMENTS.**

Our range of JCB rechargeable and portable work lights, use the latest in battery and LED technology, which delivers a near daylight high output light with cable-free long run times. The complete range is designed and built to be strong and durable, which mean they can handle even the most challenging work environment. With a 3-year warranty, you have the peace of mind that JCB Work Lights will be working as long and as hard as you.

# STRONG & DURABLE RECHARGEABLE WORK LIGHTS.

## KEY BENEFITS OF USING THE JCB WORK LIGHTS RANGE INCLUDE:

### PORTABLE

Highly mobile and very easy to store and transport.

### RECHARGEABLE

Latest LED and Li-Ion technology used, which means they are greener whilst delivering a high-capacity light with long run times and some of the range have an interchangeable slide-in adapter and battery mount system, meaning 18V power tool batteries can be used.

### ROBUST AND RUGGED

All the lights and accessories have been designed to sustain the rigours of the work environment. The range has been dropped tested, some you can drive over, others can withstand large drops. See the IK ratings for toughness for each product. Designing the lights for all conditions, we have very high water and dust protection levels (IP ratings) in addition to materials being used that are oil and chemical resistant.

### STEPLESS DIMMING AND VARIABLE BRIGHTNESS

All the lights include variable brightness levels. New designs include stepless variable dimming so you can choose the best lighting level. Light brightness indicators and innovative rotary controls are just some of the new ways JCB Work Lights has been innovating functionality for greater user controls.

### FLEXIBLE

Built-in USB power banks, mounting magnets, clamps, hooks and belt clips give options and hands-free operation in challenging workspaces.

### RANGE OF ACCESSORIES

Complemented by a range of accessories including adapters, batteries, brackets, chargers and tripods which offer quick deployment and easy set-up.

### MULTIPLE APPLICATIONS

Used by a multitude of professionals across many industries such as automotive, aerospace, agriculture, building and construction, emergency rescue, engineering, events, forensic science, rail, surveying, security and inspection and utilities.

### 3-YEAR WARRANTY

Brand leading guarantee for extra peace of mind (terms and conditions apply).

# WORK LIGHTS

FROM THE INSPECTOR, GLOBE AND POCKET THROUGH  
TO THE FLEXTRA, TUFFXONE AND TUFFCLAMP WE  
HAVE A COMPREHENSIVE RANGE OF WORK LIGHTS TO  
MATCH YOUR REQUIREMENTS.

**COMPACT INSPECTION LIGHT**

JCB-WL-INSPECTOR

**FEATURES**

- Bright 200 lumen compact pocket size inspection light
- Latest LED technology with wide angle beam
- Soft to touch rubberised body
- Comes with mounting magnet and belt clip
- Magnet and belt clip has 180 degree rotation
- Hanging hook 360 degree rotation
- Ideal for plumbers, electricians and mechanics

**SPECIFICATION**

OUTPUT	200 LUMENS
BATTERY	3 X AAA (SUPPLIED)
RUNTIME	5 HOURS ON FULL BATTERY
CHARGE TIME	N/A
IP RATING	IP43 SPLASH / DUSTPROOF
WARRANTY	3 YEARS
DIMENSIONS (MM)	38 (D) X 17 (W) X 165 (H)
WEIGHT	37G
EAN NUMBER	0604565169877
DISPLAY BOX / QTY IN BOX	YES / 12 PIECES

**MAGNETIC BASE WORK LIGHT**

JCB-WL-GLOBE

**FEATURES**

- Rotating work light with removable head
- 600 lumens output
- 3 settings 600 lm, 300 lm, flash - SOS
- Rechargeable battery - Micro USB
- Unique magnetic base allowing full rotation
- Comes with hanging hooks and 1/4" tripod mount
- Built-in USB power bank
- Ideal for auto-mechanics

**SPECIFICATION**

OUTPUT	600 LUMENS
BATTERY	LI-ION RECHARGEABLE-MICRO-USB
RUNTIME	3.5 - 11.5 HOURS ON FULL CHARGE
CHARGE TIME	5 HOURS
IP RATING	IP44 SPLASH / DUSTPROOF
WARRANTY	3 YEARS
DIMENSIONS (MM)	89 (D/W) X 106 (H) INCLUDING BASE
WEIGHT	400G
EAN NUMBER	5060708070113

# HEAD TORCH

THE JCB HEAD TORCH IS COMPACT AND POWERFUL, ALLOWING COMPLETE HANDS FREE OPERATION VIA ITS BUILT-IN WAVE SENSOR TECHNOLOGY. WAVE YOUR HAND IN FRONT OF THE LIGHT TO TURN IT ON OR OFF. THE LIGHT IS DETACHABLE AND COMES WITH A MAGNETIC STAND.

# SITE LIGHTS

FROM THE TUFFDUAL THROUGH TO THE XTREME OUR SITE LIGHTS HAVE BEEN DESIGNED SPECIFICALLY FOR COMPLEX AND HAZARDOUS WORKING ENVIRONMENTS, WHERE BEING SAFE IS PARAMOUNT. OUR RANGE INCLUDES POWERFUL MAGNETS AND HANGING HOOKS. THE JT AND KONNECT RANGE COMES WITH OUR UNIQUE BATTERY AND ADAPTER MOUNTING SYSTEM, MEANING THEY CAN BE POWERED YOUR WAY!

**HYBRID 2500 LUMEN SITE LIGHT** JCB-SL-TUFFDUAL

**FEATURES**

- Mains and battery powered 2500 lumen site light
- 2 versions - 240V (standard) / 110V (optional)
- 5m mains/charging cable with snap-fit connector
- Strong and very robust and is tripod mountable
- Outer casing is chemical and oil resistant
- Stepless dimming 250 lm to 2500 lm
- Battery status and brightness display
- Designed for challenging environments

TUFFDUAL MOUNTED ON MAGNETIC BRACKET (SEE ACCESSORIES)

2X TUFFDUAL MOUNTED ON T-BAR AND JCB 1.7M TRIPOD (SEE ACCESSORIES)
