Including connector as indicated:	JCB, DeWalt, Milwaukee, Bosch, Makita, Metabo/CAS, Hikoki
Also available for:	Festool
3 Light settings:	25%, 50%, 100%
Output (max):	1600 lumens
Light Source:	360° LED COB
Colour temperature:	6500K
Drop-tested:	IK08
Weight:	265g

OPERATION

1. Insert the relevant battery connector of the corresponding brand battery into the designated slot at the bottom of the MINI KONNECT.
2. Press the battery pack firmly into the battery power tool connector until it clicks into place.
3. By pressing this switch, the light intensity is changed from 25% to 50% to 100% and to "off".
4. The low battery indicator will light up and flash when the battery is running low.

SAFETY NOTICE

Prior to use carry out the necessary risk assessment considering the people who could be at risk, the level of risk and the precautions required to control the risk.

GENERAL

Ensure that the battery is correctly fitted before use

DO NOT Cover or block the lens during use

DO NOT shine the product directly into the eyes of people or animals

DO NOT allow children to use the worklight

DO NOT use the worklight if you suspect it is damaged

DO NOT place the product in or near naked flames

DO NOT open the light or touch any of the internal parts

Do ensure that the worklight is turned off and the 18V battery is removed before attempting cleaning and maintenance

ELECTRICAL

DO NOT use if the battery case is showing signs of damage

DO NOT place the connector anywhere except the correct socket

MAINTENANCE & STORAGE

Keep the worklight clean from dirt and grease using a damp cloth

DO NOT submerge the light in water

DO NOT clean the light with solvents

DO check the light for any signs of damage before use

GUARANTEE

This product is guaranteed against manufacturing defects for a period of 3 years from the date of purchase.

Repair or replacement of products will be undertaken providing that:

- The product has been subject to fair wear and tear only
 - The product has not been subject to accidental or cosmetic damage
 - The product has not been misused and has been used only in accordance with the instruction manual provided
 - The product has not been subject to insufficient servicing and maintenance
 - The product has not been subject to any abnormal environmental conditions or inappropriate operating conditions
 - Repairs have not been attempted by an unauthorised person and no modifications have been made to the product
- The guarantee excludes the following (where relevant):
- Components normally subject to wear and tear
 - Batteries and chargers

Your statutory rights are not affected

We reserve the right to alter specifications without prior notice

WE WILL NOT BE LIABLE FOR ANY INJURIES OR CONSEQUENTIAL DAMAGES RESULTING FROM THE USE OF THIS PRODUCT

GENERAL WARNINGS & DISPOSAL

This product has been marked with a symbol relating to removing electric and electronic waste. The product should not be discarded with household waste but must be returned to a collection system which conforms to the European Directive 2012/19/EU. It will then be recycled or dismantled in order to reduce the impact on the environment. Electric and electronic equipment can be hazardous for the environment and for human health since they contain hazardous substances.
